## PORTER IN DIRE PERIL.

Negro on His Way to the Scene of His Foul Crime.

Mob Waiting at Limon to Lynch the Murderer.

Associated Press Dispatches by The Tribune's Special Leased Wire DENVER, Nov. 16.—John Porter, the young negro of Lawrence, Kan., who was charged with the murder of Louis Pross, a white man, was taken from the County Jail here at noon today by local officers and was driven in a close carriage to Muncie, a station on the Union Pacific Railroad, about five miles out of the city. There he was handed over to Sheriff Freeman of Lincoln county, who with his prisoner will board the Union Pacific train which leaves Denver at 1:10 P. M.

An attempt will be made to run the train through Limon without stopping, so that the prisoner may be placed in the Lincoln County Jail at Hugo.

The people of Limon are advised of the plan of the Sheriff, and it is believed they will try to stop the train and take young Porter away from the officers.

LYNCHERS ARE WAITING.

LIMON, Colo., Nov. 16.—Notices were posted today warning negroes of bad character to leave Limon and Elbert counties and declaring that if they do not go they will be escorted across the border. Officers of the Union Pacific and the Rock Island railroads have also been petitioned to remove from their counties all imported colored section men. This action is taken in pursuance of resolutions adopted at the mass meeting of citizens at which an organization was effected for the purpose of lynching the colored boy, John Porter, who has confessed that he murdered Louis Pross. It was unanimously agreed at the meeting that Porter shall be hanged with all the decorum of a legal execution whenever he is brought to this county and that no brutality will be tolerated. It has been announced that Porter will not be brought back for ten days.

## GRIGGS RESIGNS

Attorney General to Leave McKinley's Cabinet.

WASHINGTON, Nov. 16.—At the Cabinet meeting today Attorney-General Griggs was to be formally announced that on the 14th of March next he would retire from the Cabinet.

Mr. Griggs will have the President's official family for purely business reasons.

## IRISHMEN RETURN.

Gave a Good Account of Themselves in the Boer War.

NEW YORK, Nov. 16.—The German Lloyd steamer Trave, which arrived this morning, had on board thirty-four of the Chicago Irish ambulance corps who fought in the Transvaal.

They were met at Quarantine to arrange for their landing and reception. The delegation consisted of Vice President Buckley, Patrick Egan, Dr. G. Neill and J. J. J. J.

The returned Irishmen are all in good health and spirits and greeted the delegation cordially, saying they were glad to get back. They were all clad comfortably in winter clothing and looked as if they did not suffer for means.

Their first broad-brimmed felt hats were decorated with buttons and other insignia of the soldiers.

On their arrival in this city they were escorted to the Vanderbilt Hotel, where they were entertained. The official number of the corps who went to South Africa was fifty-eight. One was killed, one wounded, one taken prisoner, some are in the hospital and some remain in South Africa. The corps left South Africa for home about a month and a half ago, going first to Trieste and from there to Paris. They boarded the Trave at Cherbourg.

John Eichman, who went out under General Buller as a scout, said the men had all given a good account of themselves.

## NATIVES WIN IN HAWAIIAN ELECTION.

Robert Wilcox Elected Delegate to Congress on Racial Prejudice.

HONOLULU, T. H., Nov. 9, via San Francisco, Nov. 16.—Robert W. Wilcox, the Independent Royalist candidate, has been elected Hawaiian Delegate to Congress by a small majority over Samuel Parker, the Republican candidate. His strong vote among the natives in the outside districts carried the day against the whites and the intelligent native voters of the cities.

News of the result of the election, which was brought to Honolulu this morning by steamers carrying returns from the other islands, produced much depression among the whites, as Wilcox was strongly opposed by Republicans and Democrats alike. His campaign was an anti-white canvass, with promises on the part of some of his campaign workers that if he were elected Queen Lilioukalani would be replaced on the throne. The result of the vote shows the native bitterness over annexation to be still alive.

The Republicans carried Honolulu and the island of Oahu for Hon. Samuel Parker by 219 plurality, the Democratic candidate Prince David Kawananakoa, receiving only about one-third as many votes as Parker. Today it is reported that he was "knifed" by ex-Queen Lilioukalani, who is said to have secretly thrown her influence to Wilcox. There is much bitterness against her among the Democrats, who hoped that even if they did not elect their man they would at least so divide the native vote that Wilcox would be behind Parker.

The Independent native party has carried the House of Representatives by a large majority. They will have fourteen of their men in the House, with nine Republicans and six men who are Independent and Democratic. In the Senate there will be seven Republicans, eight Independents and one Democrat. With the Independents in control a lively session is expected, as they are against the ruling regime and will give Governor Dole plenty of opportunities for votes.

It is likely as a result of the election that Congress will be asked to establish some limitations upon the voting privileges. The natives have won upon a race division, and now many of the whites want a property qualification for voters. It is argued that in voting upon a simple color line many of the natives have shown themselves unfit for universal suffrage.

The returns, which are not quite complete, show Wilcox 69 votes ahead. The prospects to be heard from are expected to slightly increase this plurality. Wilcox carried every island but Oahu, where Honolulu is, with its large white population and with a majority of the more educated natives. The island of Kauai gave more votes to Wilcox than to Parker and David combined.

The most encouraging feature to the whites of both parties is in the fact that the Wilcox majority is so small, which shows that very many of the natives were divided upon other than race lines. If all the natives had cast their votes, his majority on each of the islands would have been much larger than it is. Probably a third of the native population was aligned with the American parties, and it is thought

## TUAN'S FATE MUST FIGHT.

Boxer Chief Is to Be Imprisoned for Life.

Associated Press Dispatches by The Tribune's Special Leased Wire WASHINGTON, Nov. 16.—Minister Wu has received from Director-General Sheng the following cablegram, which he communicated to Secretary Hay today:

"An Imperial decree of November 13th deprives Prince Tuan and Prince Chang of their ranks and offices and orders them to be imprisoned for life. Prince Yi and Secondary Prince Ying to be imprisoned; Secondary Prince Lien to be deprived of his rank; Duke Lan and Ying Nien to be degraded in rank; Kang Yi, being dead, no penalty can be imposed on him, and Chao Suan Chiao to be degraded, but retained in office; Yu Hsien to be exiled to the farthest boundary."

Death of Two Infants. Winifred Alvarez, aged 2 months, died of pneumonia at the home of her parents, 77 Webster street, yesterday.

Furland Polouret, died last evening at his parents' home, 102 Fourteenth street. The child was just one month old, and death is attributed to infection.

## YOUNG DUFF IS DEAD.

The Berkeley Football Player Dies of His Injuries.

Freshman Center Was Hurt in a Practice Game.

BERKELEY, Cal., Nov. 16.—Lee Calhoun Duff, the freshman center whose spine was injured in a practice football game three weeks ago, died today at the home of his father, William L. Duff, a well-known mining man. But for his injury Duff would probably have played center in the Stanford-California freshman game.

He was a graduate of the Berkeley High School, where he was known as a crack football player. On leaving the University Campus one afternoon after practice, Duff complained of a pain in his back. This grew worse and after several days one leg was paralyzed, then another. Specialists said at first that Duff might recover but that he would be permanently a paralytic. Today he unexpectedly expired.

The University flag is at half-mast and the students will take part in the funeral.

## MAKE DEMANDS

Board of Trade Anxious to Have Some New Laws.

At this morning's session of the Board of Trade several matters of importance to the merchants and manufacturers of this city were referred to the Committee on Laws and Legislation.

The Committee consists of H. H. Chamberlain, Frank K. Mott, W. H. Davis and Dr. George C. Pardee. When Chairman Chamberlain asked whether there were any matters the Board desired the committee to get into shape, the Board urged the Committee to use its best efforts to cause the next Legislature to have laws passed to have that part of Lake Merritt now belonging to the State ceded to this city; also a general law providing for the consolidation of the city and county government; also a law to enable home manufacturers and producers to sell their goods in this State without a tax license, allowing thereby the same immunity now enjoyed by outside manufacturers; also a law to exempt from taxation for from 5 to 10 years all new manufacturing, for the purpose of fostering these; and finally a law allowing the county to appropriate moneys wherever.

Remarks were made by M. J. Keller, Sol Kahn, James P. Taylor and others.

PLEADED NOT GUILTY.

Murderers of the Paterson Girl Arraigned.

Associated Press Dispatches by The Tribune's Special Leased Wire NEW YORK, Nov. 16.—McAllister, Campbell, Death and Kerr, accused of causing the death of Jennie Benschneider in Paterson, N. J., last month, by administering a drug, were arraigned before Supreme Judge Dixon in Paterson today. They all pleaded not guilty. Trial was set for January 16th.

Lord Rosebury Makes Stirring Appeal to His Race.

Associated Press Dispatches by The Tribune's Special Leased Wire GLASGOW, Nov. 16.—The Earl of Rosebury was installed as Lord Rector of Glasgow University today. His rectorial address on the subject of "The British Empire" was a stirring appeal to the race to realize its responsibilities and to prepare to fight for its existence.

Never, said his Lordship, did the empire so urgently require the strenuous support of its subjects, because there was a disposition abroad to challenge both its naval and its commercial supremacy.

"The twentieth century, he declared, would be a period of keen, intelligent and almost ferocious international competition, more probably in the arts of peace even than in the arts of war. Therefore, he added, it was necessary to undertake perpetual stock-taking to remodel the State machinery and educational methods, and to become more business like.

Arnold in Court. Associated Press Dispatches by The Tribune's Special Leased Wire LONDON, Nov. 16.—Julian T. B. Arnold, the son of Sir Edwin Arnold, was brought up on remand at the Bow Street Police Court today, charged with misappropriating trust funds, on which charge he was recently extradited from California. He was committed to trial.

## WOMAN HURLS A HATCHET AT THE KAISER.

Emperor's Assailant, Thought to Be Insane, Misses Her Mark.

DRESDEN, Nov. 16.—Emperor William was the object of an attempted outrage today which, however, failed. As he was driving in an open carriage to the Cuirassier barracks a woman in the crowd hurled a short-handled hatchet or hatchet at the carriage, but the rapidity with which the vehicle was passing saved its occupants.

The Emperor was accompanied by the hereditary Prince of Saxe-Meiningen.

The woman, whose name is Selma Schnapke, was immediately arrested. She is believed to be insane. She occupied a place in the front rank of the spectators on the ride of the Emperor.

A crowd of people who witnessed the outrage threw themselves on His Majesty's assailant, but the prompt intervention of the police saved the woman from injury.

## HUNTER KILLED

Robert Anderson Loses His Life While After Quail.

Robert Anderson, a well known young man, accidentally killed himself while hunting this afternoon. He was hunting quail back of Moore's place near the Redwood road.

While in the woods his gun accidentally exploded and the charge of shot entered his head, killing him instantly. The coroner took charge of the body.

## SUICIDE THEORY.

This afternoon it is stated that the young man committed suicide. He is the son of a farmer.

## RUSO-GERMAN CLASH.

Von Walderssee Makes a Protest to Russian Minister.

Associated Press Dispatches by The Tribune's Special Leased Wire PARIS, Nov. 16.—A dispatch received here from Peking says the Russians are abandoning surveillance of the railroad from Taku to Tang Tsou and that Count von Walderssee has telegraphed direct to the Russian Minister of War, complaining strongly of this measure, of which he had not been previously notified.

## THE CZAR'S CONDITION.

Associated Press Dispatches by The Tribune's Special Leased Wire ST. PETERSBURG, Nov. 16.—The following bulletin on the Czar's condition was issued at 10 A. M. today:

"His majesty has passed a satisfactory day. Last evening his temperature was 102.4; pulse, 72. His majesty slept fairly well during the night. Temperature this morning, 100.6; pulse, 68; general condition very satisfactory."

## VOWED TO KILL MARTIN.

Williams' Threats to the Dead Man's Wife.

Sensational Testimony in the Stockton Trial.

Associated Press Dispatches by The Tribune's Special Leased Wire STOCKTON, Nov. 16.—The prosecution introduced some sensational evidence today in the trial of Captain Al Williams, charged with the murder last August at a resort south of Stockton of Conductor William Martin.

Two letters written Mrs. Martin by Williams were first identified. In the one Williams asked Mrs. Martin to secure for him \$20 which Martin had borrowed from the writer. In the other Williams told Mrs. Martin that her husband was a dirty cur, that he had broken up the writer's home, and that he was a snake in the grass.

Mrs. Wyckoff of Vallejo testified that during her stay at Williams' house from November, 1895, to November, 1896, she had repeatedly heard Williams threaten in the presence of his wife, that he would kill Martin, alleging that Martin had communicated to his wife that he had been in company with another woman in San Francisco.

## LOCAL STORM

No Damage Was Done By the Shower Last Night.

According to H. M. Sanborn, the foreman, the rainfall during the past twenty-four hours reached 1.11 inches, making the total rainfall for the season 2.96 inches since July 1. The total rainfall up to this date last year was 7.61 inches, but during that season there were several unusually heavy rains.

The rain last night was not such as to cause any damage to any of the streets or sewers, the street department having, at least, received no reports of damage up to 2:30 p. m. today.

"The gutters have just received a most thorough cleaning," said Street Superintendent Ott, "and wherever the water from the rain collected to any extent it rapidly flowed off as soon as the downpour ceased."

## PORT OF MANILA.

CINCINNATI, Nov. 16.—A manufacturer of this city who has been in correspondence on the subject of tariffs in the Philippines with the Hon. William H. Taft, of the Philippine Commission has received a letter from Judge Taft, dated Manila, September 21st, in which he says:

"I was very interested to receive your letter and am glad you took the trouble to send a paper on the tariff which we are about to make up. We have just passed a civil service law which is on the whole, I think, the strictest law that has been passed under American auspices."

"I have no doubt we shall be able to work out successfully the problems before us if McKinley is elected. I do not mean to say there are not a great many difficulties with the policy of the Government toward these islands to be retorted, but I do mean to say there are none of them insuperable. We certainly need new banking facilities here and need better harbor facilities. We shall appropriate \$2,000,000 (two millions) this week for the completion of the harbor, a work much of which was done by the Spaniards, but which remains useless without its completion. When the harbor facilities are better doubtless direct American lines will be established to Manila. I feel confident Manila will become one of the great ports of the Orient, only the surface of the possible prospects and possibilities of these islands has been scratched."

"When you speak of letting Chinamen into these islands you touch a question that has a great many dangers connected with it, and I call not now express an opinion on the subject."

"I hope there is no doubt about McKinley's election."

"With warm regards, believe me, sincerely yours, WILLIAM A. TAFT."

## HE DIED GAME

Murderer Sullivan Dies on Gallows at San Quentin.

Associated Press Dispatches by The Tribune's Special Leased Wire SAN QUENTIN, Cal., Nov. 16.—William Sullivan, the murderer of Spencer Gillard, the watchman of a Tuolumne county gold mine, was hanged today. Sullivan died bravely.

The murderer died protesting his innocence to the last.

He was attended on the gallows by Fathers Lean and Sesson. The remains will be held until the arrival of relatives.

The crime for which Sullivan was hanged was the murder of Spencer Gillard, watchman at the Juniper mine, Tuolumne county, on the night of April 13, 1897. Sullivan was an employee at the mine, and believing that Gillard had reported him for misconduct he crept up behind him in the darkness and shot him dead with a rifle.

Remains Shipped for Burial. The remains of H. H. Russell, who died at his home, 15 1/2 Third street, last Wednesday, were shipped this morning to San Francisco for burial. Deceased was a native of Indiana, aged 64 years.

## WE HAVE SAID THIS BEFORE

—but it will bear repeating. The Holiday season is coming—you know this. There is always a rush of customers to stores in the afternoons and evenings—we know this. Therefore if you would avoid the usual Holiday crowds, come early—come in the morning. We would again repeat this last phrase, for your own comfort—BUY IN THE MORNING.

## DRESS TRIMMINGS AND LACES.

An authority says: "Laces and lace fabrics will be remarkably popular with all classes during the coming season and also next spring. Everything points distinctly in that direction, whether it be the determination of the Paris modistes, the dress-trimming makers, or the best designers. They all concur in lace fabrics and laces as a popular idea for handsome costumes, especially for receptions, evening, and "dressey" wear. This means that dresses will need laces in effect, lace in trimming, and lace in development.

"Laces are not only beautiful, but they are practical, economical, and mean an investment that at some later date again comes into use, whether it be in dress and house decorations or for some fancy fad."

We have been guided by these ideas, and our beautiful and complete assortment of dress trimmings and laces is in conformity with them.

Applique chiffon, in ecru and black, 35c to 1.50 per yard. Taffeta silk trimming, applique, with duchess lace, 50c to 2.50 per yard. Broad gimp trimmed with duchess lace, patterned by hand, 20c to 1.50. Elegant cream applique chiffon, 35c to 1.50. Delicate Battenberg applique, 50c a yard. Broad and duchess lace applique, 80c.

But why continue in detail? There are those beautiful all-overs in Venice lace, Clonic lace, Arabian lace, black spangled net, white spangled net, white taffeta with gold braid, and a multitude of other rich designs varying in price from 90c to 5.50 per yard.

**Things for Babies** There are hundreds of mothers in Oakland who never think of buying "baby clothes" in any store but ours. Everything made for a baby to wear is to be found here in full assortment of style and price. The garments we sell have a look about them that is babyish and pleasing. Prettiest of slips, neatly trimmed, 25c to 1.00. Babies' long dresses, lace trimmed or with a profusion of tucking and embroidery, from 1.00 all the way up to 12.00. Good, long skirts from 55c to 1.50. Short skirts, 40c to 3.50. Short dresses from 45c to 7.50. Short skirted skirts from 50c to 1.50.

**Comfort and These** two words should always go together—they do in our store. We never tire of the various styles of the Thomson "glove-fitting" Corset, at prices from 1.00 to 2.25. They are truly "fit to live in." Other good corsets are the Armorsleeve, Warner's Rust Proof, R. & G., P. D., W. B., and Ball's.

**Art Needlework** Most folks are now preparing for the Christmas season, and at no time in the history of the dry goods business are so many presents being made of material that comes from this department.

**A Handful of Ideas** Pillow tops finished ing, from 5c up to elaborate affairs at 1.50. Linen dollies and centerpieces stamped for working, from 21c to 35c. Stamped muslin slippers, 25c to 50c a pair. Novelty braids for crocheting. White art linen 50c to 1.00 a yard. Irish point slippers. Everything in yarns and fancy silks. Crocheted slippers. Cross stitched canvas; Battenberg patterns, thread, rags and buttons. And besides, a hundred others in knitting, crocheting, Battenberg, and fancy work material, there is also a collection of handy books telling how to use all these articles to the best advantage.

**Cloak and Suit This** is always offering something desirable. Here are four ideas worth investigating:

New arrival of very swell dress slacks, chevrons and broadcloths, direct from New York, great values. Prices, 5.95 to 12.00.

Splendid line new Silk Dress Skirts. Price, 11.50 to 21.00.

Latest exquisite creations in silk waists. Price, 3.95 to 9.00.

Choice lines of tailor-made suits, capes and jackets—also made to order.

## OUR Silk Sale Closes Saturday Night

—this is positive. A splendid selection of these beautiful, high-grade, black and fancy taffetas and poplins yet remain, at prices ranging from 50c to 95c a yard. The ordinary figures for such values are from 75c to \$1.40. By taking advantage of this sale you can easily save from \$5.00 up in the cost of material for a silk dress.

## RAIN GLADDENS FARMERS' HEARTS

Copious Downpour That Came Just in Time.

WATSONVILLE, Cal., Nov. 15.—Rain commenced falling here at 10:30 last night and is still coming down. Up to 9 a. m. the rainfall for the season measures 3.39 inches, the largest rainfall for this time of the year yet recorded in this valley.

PRESNO, Nov. 15.—Rain started at 10:30 this morning and continued until noon without cessation. At the hour named more than half an inch had fallen, more than has been received for the season. The rain is welcome to start the grass growing for pasture, and by softening the baked and hard ground to give an impetus to plowing. The indications are for rain all up to tomorrow but not so heavy as today.

SAN JOSE, Nov. 15.—The heaviest rainfall of the season fell last night and this morning, 2.10 inches being precipitated. Conditions are favorable for more showers and farmers, and orchardists all over the valley are jubilant.

SACRAMENTO, Nov. 15.—There was a heavy fall of rain throughout the Sacramento valley last night, the precipitation in some localities amounting to over one inch. The fall in this city amounted to .57 of an inch, making 2.55 inches for the season, against 2.77 inches to an equal date last season. Rain was badly needed, particularly on the uplands. There was a heavy fall in the mountains along the line of the Central Pacific Railroad. Six inches of snow fell at Summit.

STOCKTON, Nov. 15.—Rain began falling early this morning and continued all day. The downpour was heavy and was general all over this part of the valley. The rain is of considerable benefit to the farming interests.

LOS ANGELES, Nov. 15.—Rain began falling at noon today, accompanied by a light wind from the southeast. So far the precipitation has amounted to only a trace, but the prospects are for a continuation.

SAN DIEGO, Cal., Nov. 15.—Partly cloudy days and cool nights have succeeded the recent hot weather. The general conditions are favorable for rain.

## SUPERVISORS HOLD A SHORT SESSION.

Fish Contractors Must Appear Before the Board and Explain.

There was a meeting of the Board of Supervisors this morning, at which Messrs. Church, Talcott, Roth and Wells were present.

Colonel Bullock, County Expert, stated that Joseph Bardenaro had transferred his fish contract with the county. He also announced that Bardenaro was an assignee of the original fish contractor, Joseph Morini, who had also tired of his contract. The Colonel stated that he did not think there was any reason why Morini should transfer his contract without having his bondsman accepted by the Supervisors.

Supervisor Roth said he did not think Morini had a right to assign his contract under these circumstances.

On motion of Supervisor Church the Clerk was notified to order Bardenaro and Morini to appear before the Board at the meeting Monday next.

Deputy Clerk Cook read the result of the canvass of the votes polled at the late election, and a resolution was adopted declaring elected the candidates who had received the highest number of votes, the names of whom have already appeared in THE TRIBUNE.

The matter of paying a claim of the State for \$70 for ballot paper was brought up by Deputy Clerk Cook. He said that, after the paper had been ordered, the law compelling the county to use it had gone out of existence. The paper had come to the office of the Clerk, and because of the repeal of the law in question had been refused. Payment upon it was denied. The Clerk had written the Secretary of State that the paper would not be accepted. In response, the Secretary of State had written that all the other counties of the State had accepted the paper and paid for it. The paper was then accepted. There were seventy reams of it. Mr. Cook wanted to know whether the bill could not be allowed. He was satisfied that the paper could be sold before the year. Arrangements had already been made to sell twelve reams of it to Oakland.

Mr. Roth said that if the claim were allowed it would be an entering wedge and the county would be held responsible for a number of other claims which were illegal.

One Wells did not think the claim was one which the county should pay. He suggested that if the Clerk sold the paper he should pay the sum received to the Secretary of State.

Mr. Cook said he would prefer to pay the money into the county treasury, and suggested that the matter be referred to the Finance Committee.

Mr. Roth said that that committee had already considered and rejected the claim.

The bill was re-referred to the Auditing Committee.

## A STEEP CLAIM AGAINST COUNTY.

Supervisors Declare it Will Not Be Allowed.

A novel claim, which has not all the elements of modesty, has been filed with the County Clerk by Samuel S. Austin for \$1,025. It is based upon injury to horses due to the sum of \$1,000 to a harness in the sum of \$15 and a buggy in the sum of \$10. The claimant declares that the injuries were sustained by his driving at night into a hole on the temporary road, which is being used between Hayward and a point on High street near Adams Creek while travel on the main road is interrupted by the building of a new culvert about a mile west of Hayward. Austin says that the hole was left unfilled through negligence, and was not safeguarded with lanterns.

Supervisor Talcott, in whose district the accident happened, says the charges of Austin cannot be maintained against the county. The road where the accident occurred is in course of construction by Charles Welmer, the contractor who has given bonds to the county from responsibility for the happenings of the kind referred to. The county has not yet accepted the road and will not, therefore, allow the claim.

## E. R. PERRIN WANTS MORE CHARGES MADE.

E. R. Perrin has peculiar ideas of a husband's duty in connection with the way in which the law looks at it. He is defendant in a divorce suit brought by Sarah Perrin in which the latter is a long string of shortcomings of which she claims her husband has been guilty. Failure to provide, a desertion, cruelty and an aversion to building the morning are some of her pleadings.

Perrin looks upon these charges with complacency. He wants more bad things charged up against him before he will yield.

In a demurrer filed today he asserts that his wife's complaint does not state facts sufficient to constitute a cause of action, and he wants it thrown out of court.

There is no evidence on the face of the demurrer that Perrin is a humorist. His attorney is Thomas Gruber.

## MRS. AMELIA BENSON SECURES A DIVORCE.

Mrs. Amelia Benson has finally won out in her fight to secure a divorce from Lars Benson. Although she was turned down yesterday by Judge Hall because she did not corroborate her allegations of cruelty, she looked up serenely again this morning with a string of witnesses long enough to convince any judge. Mr. Benson told her story over again and Mrs. A. Benson backed her up with the statement that all tales of cruelty related by the plaintiff were true.

Judge Hall lost no time in granting the decree. Mrs. Benson was permitted to resume her maiden name of Johnson.

**Cannot Find Husband.**

Laura Leech, who has a suit for divorce pending against Ashton Leech, has been unable to serve him with the summons, and she has been authorized to notify him of the proceedings by publication. She claims that Leech treated her with extreme cruelty, and would up a stormy and treacherous career by deserting her in July, 1898. The day before he left home he told her he was going to Australia. That is the last statement he ever made to her, and she has never seen him or heard of him since.

## A LAW UNTO HIMSELF.

Every Man Must Be That, to Retain His Health and Digestion.

There are thousands of people in this world who eat no meat from one year's end to another, and certain savage tribes in Africa and Polynesia are almost exclusively meat eaters; but while there are thousands of these, there are millions who live upon a mixed diet of meat, vegetables and grains, and if numbers is a criterion it would seem that a mixed diet is the best for the human family.

The fact that you will find many vegetarians who appear healthy and vigorous and meat eaters equally so, and any number of robust specimens who eat both meat and vegetables and anything else that comes their way all goes to show that the old saw is the true one, that every man must be a law to himself as to what he shall eat and drink.

To require the waste of time in brain workers as well as in the muscles and sinews of the laborer, can only be done through the process of digestion.

Every nerve, muscle, sinew, every drop of blood is extracted from the food we eat and digest.

In these days of haste and worry, and artificial habits of life, scarcely one person in a thousand can lay claim to a perfect digestion; dyspepsia is a national affliction and Stuart's Dyspepsia Tablets are the only remedy.

Most cases of poor digestion are caused by failure of the stomach to secrete sufficient gastric juice, or too little hydrochloric acid and lack of pepsin, and all of these important essentials to perfect digestion are found in Stuart's Dyspepsia Tablets in convenient palatable form.

One or two of these tablets taken after meals insure perfect digestion and assimilation of the food.

Cathartic pills and laxative medicines have no effect whatever in digesting food and to call such remedies a cure for dyspepsia is far fetched and absurd.

Stuart's Dyspepsia Tablets contain pepsin free from animal matter, dextrose and other digestives, and not only digest all wholesome food but tend to increase the flow of gastric juices and by giving the weak stomach a much needed rest bring about a healthy condition of the digestive organs and a normal appetite.

Serious, thin blooded, run-down people should bear in mind that drugs and stimulants cannot furnish good blood, strong muscles and steady nerves; these come only from wholesome food, thoroughly digested; a fifty-cent box of Stuart's Tablets taken after meals for a few weeks will do you more real good than drugs, stimulants and dieting combined.

Stuart's Dyspepsia Tablets is probably the safest, most popular and successful dieting in the market and sold by druggists everywhere in the United States, Canada and Great Britain.

## ALL QUIET IN SAMOA.

Associated Press Dispatches by The Tribune's Special Leased Wire. SAN FRANCISCO, Nov. 16.—Advices from Samoa state that affairs in the islands are quiet and peaceful and that Governor Tilley of Pago-Pago was preparing to leave the islands for New Zealand on the Aboukir about November 25th, and that during his absence Lieutenant-Commander L. J. Dorn would be deputy-governor. Governor Tilley has been somewhat embarrassed financially owing to the failure of the Government to make an appropriation for the government of the natives.

## UNIVERSITY PLANS HAVE BEEN COMPLETED.

BERKELEY, Nov. 16.—M. Benard, the French architect whose plans won in the Pacific Coast architectural competition, has completed the final draft of the modified design, and the drawings are now on their way to Berkeley to be used in the first work of laying out the grounds and erecting the buildings of the Greater University. The plans were sent from Paris on November 10th by Robert J. B. Johnston, who is in France on business connected with the competition. The final design brings the scheme down to the limits of the University grounds and reduces building provisions to the practical needs of the institution. The buildings provided for may all be contained within the present campus, including the recently purchased Hillegas tract. Strawberry Creek, destroyed by the last fire, is to be allowed to remain in the present design.

## RUN THE CARS AT TOP SPEED

Plan to Put More Life Into the Main Streets.

Would it prove a benefit to Oakland to have the electric cars speed along Broadway faster? Here is a question that may not be such a poser, after all. Los Angeles cars are run on the principal business thoroughfares, such as Spring, Main and Broadway, at a much more rapid velocity than is and is here the rule in Oakland. Los Angeles is lauded as a town that is thoroughly interested with the true Chicago spirit and the quality of temperament is quoted as a desirable factor for any American city.

It being a fact that much quicker time is made on Broadway by Los Angeles street cars through the commercial and residential districts than is the case here, why should not Oakland pattern after that example?

To the contention that a faster train car service would increase the liability to danger to pedestrians on Oakland's busiest avenue, the answer might be made that in Los Angeles not at all a drowsy town now, the injuries inflicted on people by getting street cars, operated as per current schedule, do not make an appalling figure in transportation statistics.

Persons in Oakland who happen to be approaching passing trains on Seventh or Webster streets do not, except in rare instances, suffer from contact with the locomotive. Habit and instinct combine to make such folk keep out of the way. With electric cars moving on Broadway twice as swift as is now the custom, the risk to individuals would really be no greater than under the present system of administration. Also, Broadway, Oakland, is a wider street than its counterpart in other respects, Spring street, in Los Angeles.

dissecting the distance, encourage the trade to come here that San Francisco now attracts.

Regarding this mooted plan to emulate Los Angeles and have a written street car service on Broadway and, also, on the famous two tributary avenues, speech was had with County Recorder A. K. Grim, whose connection with street railway management occupied years of his career. Mr. Grim at once saw merit in the idea. He made the point that fewer cars would be required were faster speed inaugurated as a regular program. That quicker-moving cars would inspire more bustle in the town was a proposition seconded by him. He believes that agitation of the subject will produce a positive declaration from the public favorable to the suggestion of innovation. He expressed willingness to contribute a paper on the measure.

Elson F. Adams, whose investments for the city's welfare are bearing such excellent fruit, particularly on the esplanade, as evidenced by his wharves and docks, is not at all averse to Oakland adopting a policy that works well in Los Angeles. Mr. Adams promised to look into the project thoroughly. Charles Sharp, secretary of the Board of Trade, declared that just as soon as the scheme was in the press he would seek to have that organization act decisively both in the direction of the municipality and the Oakland Railroad Company, to the end that a new order of things might be established in our street railway methods. That the Merchants' Exchange will not be tardy in following suit, should that could not be first in the understanding, is a safe prediction. Consequently, the community "would it prove a benefit to Oakland to have the electric cars speed along Broadway faster?" seems likely to be a popular theme now in many quarters. A TAXPAYER.

## FIRST PAYMENT ON THE LIBRARY.

The Board of Library Trustees held a special meeting last night. Those present were Trustees Ames, Hoyt and Flint. Contractor Barrett was ordered to furnish and set the rear galvanized iron cornice on the Library building at a cost of \$75.

A warrant for \$30,000 on the Free Library building was ordered drawn in favor of Contractor Barrett, in accordance with the contract, the second of jobs having been put in place. This is the first partial payment on the new Library.

The monthly meeting of Beth Eden Congregation will be held next night. The chair was occupied by President A. Beresvich. There was a large attendance of members. The report of Treasurer Isaac showed there was a liberal supply of money in the treasury which was ample to defray all the indebtedness of the society. It is intended to raise the synagogue one story and the work will be undertaken before the close of the season. M. Isaac suggested the holding of a Purim ball and the idea was approved by all the members present.

Her Husband is Insane. May 12. Frank of Ontario has petitioned to be appointed guardian of her husband, George F. Hatch, whom she claims is insane. He has realty worth \$750, mortgage valued at \$1200 and unsecured notes amounting to \$100.

## NO COMPLAINT AGAINST WATSON

Dimmick, His Victim Shows Remarkable Change of Front.

Notwithstanding that the painful wounds sustained by Virgil Dimmick at the hands of John Watson, at the German House early yesterday morning, may yet prove fatal the injured man has decided not to appear as complainant in criminal proceedings against the man who so furiously wielded a knife with almost deadly effect.

Dimmick was reported resting easy today at the home of Miss Williams, the woman over whom the row occurred. He was visited there this morning by Detectives Hammett and Kite, and to them he conveyed his intention and desire to drop the matter. Whether outside influences have been brought to bear upon Dimmick to cause this sudden change of attitude against his assailant is not known, but the impression prevails that Dimmick's action of this morning goes toward showing that he, and not Watson, was the aggressor.

However, this may be, and notwithstanding Dimmick's intention not to swear to a complaint, Chief of Police Hodgkins has excluded not to discharge Watson from custody as yet.

Watson's name will remain only on the City Prison "small book." It has never been placed on the prison register.

"Yes, it is true that Dimmick has decided not to swear to a complaint," said Chief Hodgkins this morning, "but we shall hold Watson a little longer anyway, for, of course, it is no complaint is filed stating the day, most likely we shall release Watson tonight."

## OLD JOHN LEAVY LED A DUAL LIFE.

His Will is Declared Illegal and His Estate is Divided.

Judge Greene has set aside the will of the late John Leavy, who for years was a familiar figure at the old Webster street bridge, where he was employed by the county as tender. He declared in his will that he was not married, and left his \$2,000 estate to relatives in Ireland. The remains had hardly been placed in the grave before Jane Leavy of Australia put in a claim for the estate and contested the will on the ground that she was deceased's widow. Then Mary Ann Leavy, residing in Ireland, put in a claim as being an only child.

Dumery evidence was produced proving that the marriage had taken place in New York in 1871. When offered down the story is commonplace. There was a separation or abandonment; the husband came to California and the wife went back to Ireland and from there she went to "the colony." Leavy was industrious and saved his money. He did not invest in real estate, but always kept his assets in cash or negotiable securities, and when he died had something over \$5,000, which will be divided equally between the widow in Australia and the daughter in Ireland. A decree of distribution was filed yesterday afternoon.

## TO SAVE MARKET STREET CHURCH.

R. H. Chamberlain of this city has been notified of his appointment as chairman of the committee formed by the late Congregational Council held in this city to devise a plan of raising the debt from the Market Street Church.

The council was composed of Congregational churches and laymen from San Francisco, Alameda and some other big counties. It contained too many members, however, to decide upon any practical plan of relief, more especially because it was unable to get an accurate understanding of the situation of the church. It then delegated considerable authority in the premises to the special committee, the names of whom are as follows and are now published for the first time: R. H. Chamberlain of the First Church, Rev. Dr. George Mower, Plymouth Avenue Church; W. S. Merriam, Market Street Church; G. L. Lathrop, Fourth Church, Bay St.; R. H. Hinch, Berkeley; Rev. G. C. Adams, First Church, San Francisco; and Rev. H. H. Wilcox of the Church Building Society of San Francisco.

A meeting of the committee will be called early next week.
